

Choose the right lens. For the light conditions...

 Bright, direct sunlight	 Full sun to overcast	 Low light	
	 		
Neutral Grey The highest available light reduction for bright sunlight – no more squinting. Rich color and contrast.	HCL® Bronze Excellent contrast for everyday variable conditions. Great if you love a warm, subtle bronze tint.	Maui Rose™ The highest contrast available for everyday variable conditions. Excellent for fast moving sports. Provides a subtle rose tint.	Maui HT™ High Transmission, for times when most lenses would be too dark. More contrast and color for early morning, late afternoon and foggy days.

For the action...

Maui Evolution®

Extremely lightweight, scratch- and impact-resistant, with high-performance optics.

Polycarbonate

The lightest choice for long days in the sun. Scratch- and impact-resistant. Injection molded for crisp optics.

SuperThin (ST) Glass

When clarity is the priority, go with the best optics available. Durable. Scratch-resistant. 20% thinner and lighter than standard laminated glass lenses for long-wearing comfort.
